We are delighted to present an exclusive collection of just twelve luxurious architecturally designed homes, on the outskirts of Kilkenny in one of the city's most sought after areas.

These four and five bed homes are completed to a high-quality builders' finish and provide the perfect blank canvas; allowing each buyer to design, personalise, and complete your interiors exactly as you wish. Homeowners will have the rare opportunity to choose your own interior design and furnishings, making your house uniquely yours.

This bespoke flexibility ensures each property becomes a truly personal, forever home.

With a strong emphasis on quality materials, thermal performance, and elegant detailing, Sion Gardens sets a new benchmark for residential design in Kilkenny.

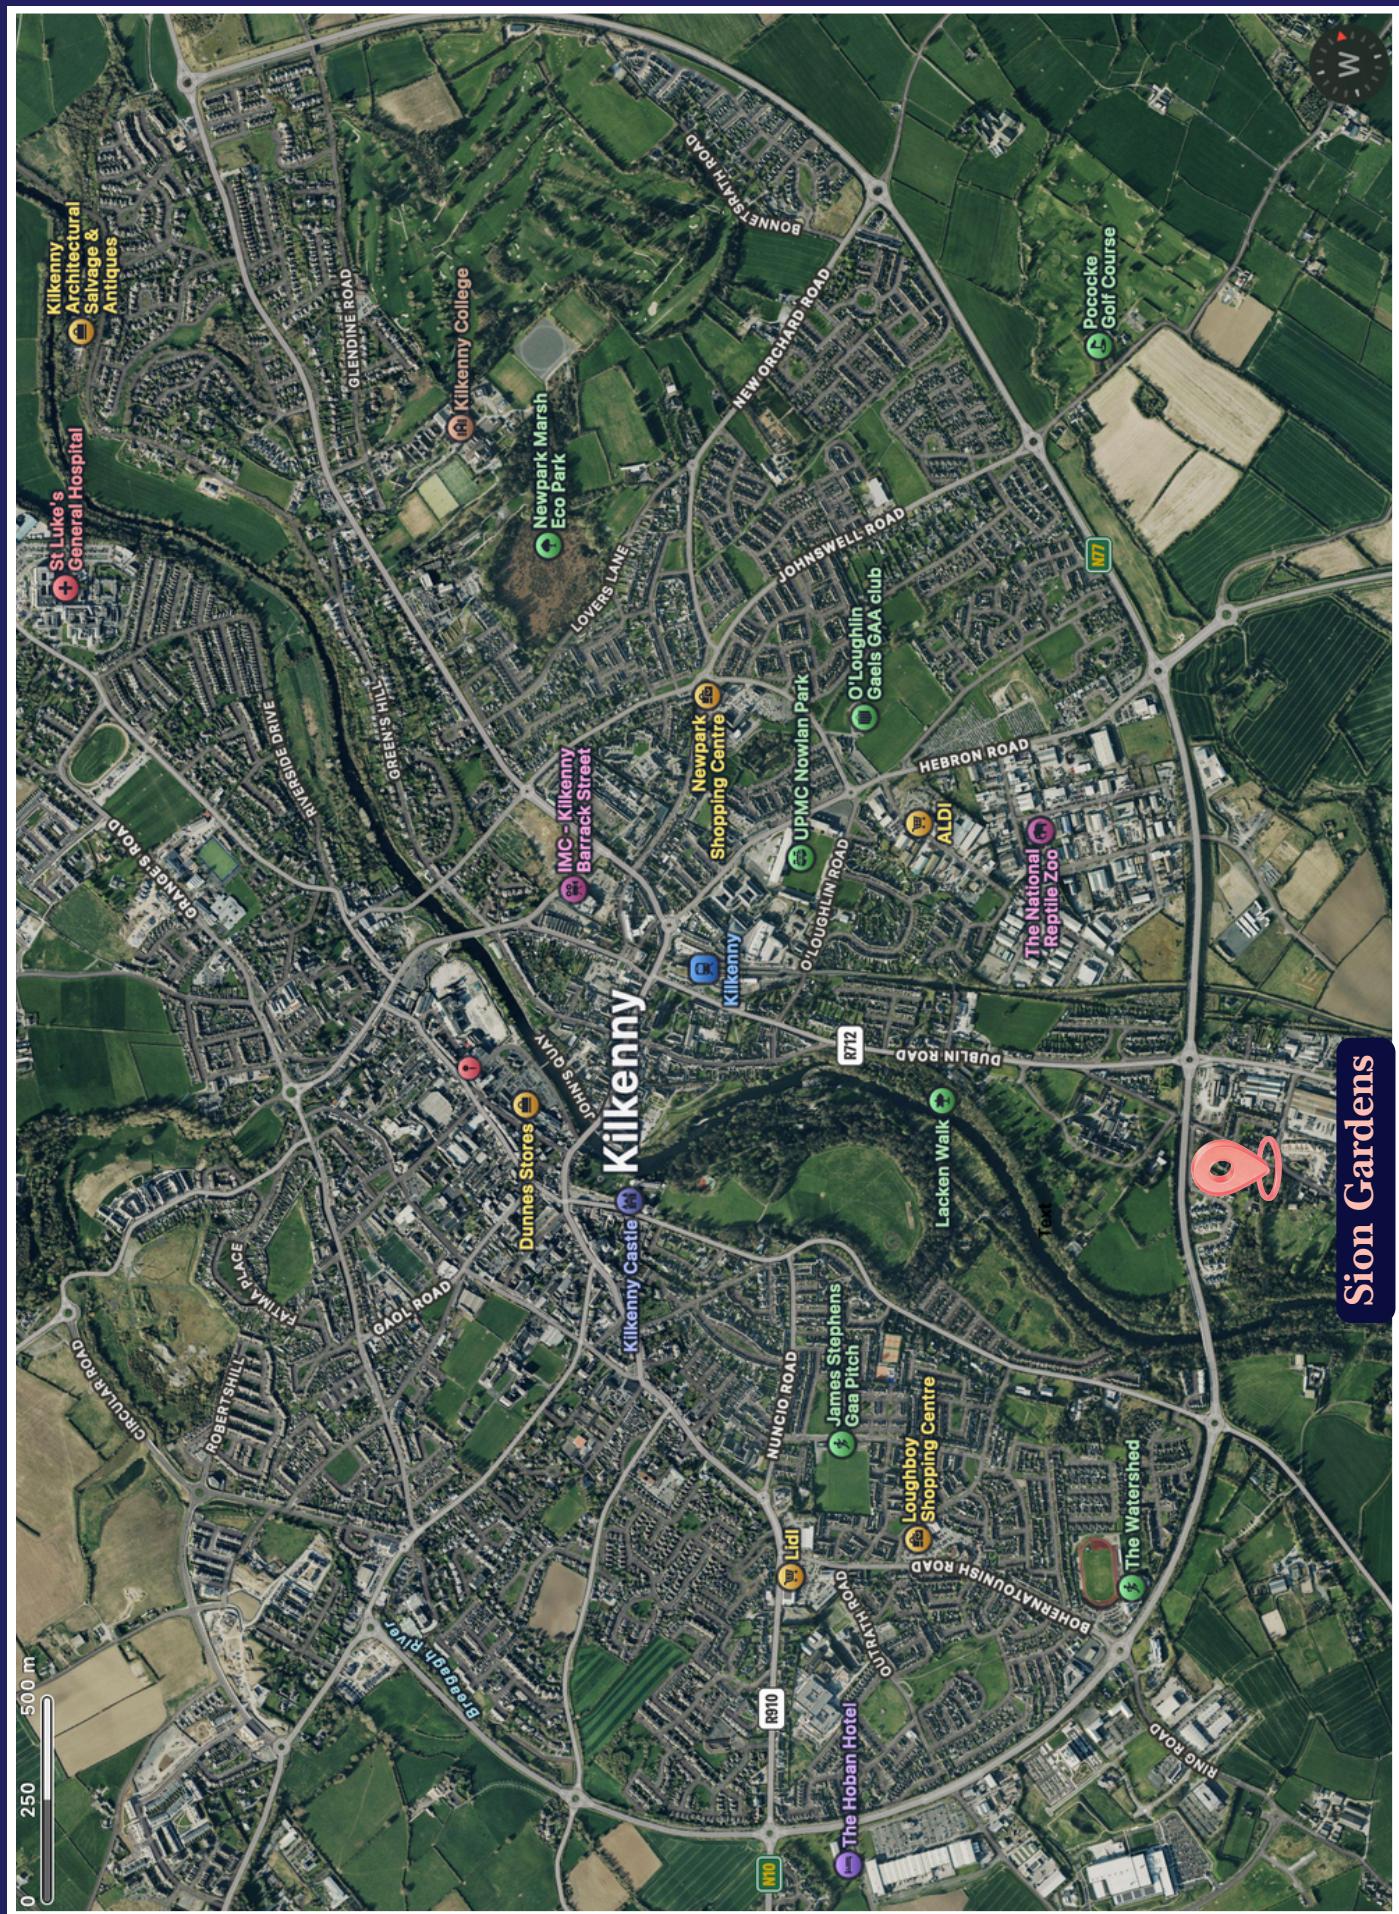

Set within generously sized private gardens and approached by individually designed driveways, every residence enjoys a sense of privacy, space, and distinction rarely found in modern developments.

A thoughtfully landscaped communal green space further enhances the setting, creating a tranquil environment that enriches the development.
